Really good skin, first Skree skin and it proves he has a lot of potential for others. All we need now is a He-man skin.. MYAAAAH! (just so 10/10). great skin didnt really notice the voice that much, seems to similar to the old lines dont get me wrong, love the skin, really love the new totem, buuut. it lacks that little thing that shows off, most opponents wont even notice it.. HE-MAN.
